

# PARENTS' CODE OF BEHAVIOUR

Adults at all times should be aware of the FAW Welfare Regulations

## ***Parents***

- Encourage your child to play by the laws of the game
- Avoid pressuring players about winning and losing
- Support and encourage all players, including opposition
- Never publicly criticise your child or other players
- Do not question decisions made by the officials

## ***Conduct within the Academy***

- Focus on the effort and performance rather than winning or losing. Recognise that the Coaches are following a long-term programme of development for your child.
- Do not coach from the sidelines. The only information to the players will come from the coach.
- Remember that children learn best by example. Applaud good play by all teams.
- Support all efforts to remove verbal and physical abuse from sporting activities.
- Show all appreciation of volunteer coaches, officials and administrators. Without them, your child could not participate.
- Discuss any concerns with the Centre Director so he can address them directly.

I agree to abide by the FAW Codes of conduct at all times.
